

Balanced Free-form Aminos is specially formulated to meet human needs by delivering a broad array of nature-select amino acids in optimal balance and form:*

- ✓ **Complete.** Contains all the essential amino acids required to meet the body's protein needs.*
- ✓ **Balanced.** This proprietary formula is based on the unique amino acid profile of human milk, which is remarkably similar around the world regardless of a mother's diet or ethnicity. Nature knows best!*
- ✓ **Optimized.** Pure 'free-form' amino acids need no digestion. They are quickly absorbed into the blood and immediately available to be used for high-priority needs—from neurotransmitter and hormone balance to tissue healing, detox, immunity and sleep. Many people also report that free-form aminos help ease over-medication and withdrawal effects.*

Suggested Use: Take 4 capsules twice daily between meals or as recommended by a health professional.

Note: Do not use if tamper-evident seal is broken or missing. Store in a cool, dry place.

Phenylketonurics: Contains phenylalanine (a naturally-occurring amino acid).
